

# Joint Agency VGI Working Group 2: Workshop #1

California state agencies are launching a new joint Vehicle-Grid Integration working group on August 19, 2019. As directed in the California Public Utilities Commission Rulemaking (R.)18-12-006, the new working group will focus on identifying, capturing, and scaling the value of VGI. At a minimum, the working group scope will cover:

- a. What VGI use cases can provide value now, and how can that value be captured?
- b. What policies need to be changed or adopted to allow additional use cases to be deployed in the future?
- c. How does the value of VGI use cases compare to other storage or DER?

**Purpose:** This initial meeting will offer interested parties a chance to learn about the working group's scope of work and help inform the work plan for the interagency working group effort.

August 19, 2019	California Energy Commission 1516 Ninth Street Sacramento, CA 95814
10AM-5PM	<b>Remote Participation:</b> <a href="https://energy.webex.com/energy/j.php?MTID=m270fc9c825ec462594db768aae2c4562">https://energy.webex.com/energy/j.php?MTID=m270fc9c825ec462594db768aae2c4562</a> <b>Call-in:</b> 1-866-469-3239, Meeting number/Access code: 921 833 051

<b>Agenda</b>	
<b>Item:</b>	<b>Time:</b>
