

Subgroup C
Kick-Off Call Notes
2/6/2020

Action Items:

- All - Submit any revisions to schedule to the group
 - Subgroup Leaders - Submit Straw Proposal of a policy recommendation framework to the subgroup for consideration
 - (Eric Martinot) - Provide a limited list of use cases for our exercises in week three
-

Resolutions:

- The Subgroup will take a deep dive into policy considerations of a few test use cases to see how easy it is to come up with barriers.
-

Agenda		
<i>Start time</i>	<i>Duration</i>	<i>Item</i>
10:00	10	Introductions
10:10	10	Review of Subgroup schedule and CPUC Question (b)
10:20	15	Discussion: How are Stackable Values considered in policy?
10:35	5	Discussion: What to do with unscored Use Cases?
10:40	15	Presentation of possible next steps: Review of framework proposals for policy areas (Eric Martinot)
10:55	5	Resolutions and Agenda for next meeting

Additional Topics of Discussion:

- Does the scope expand to increasing the value of existing use cases ?
 - Answer (leaders): Yes, this Subgroup will focus on enabling and enhancing policies for UCs identified by previous subgroup; focusing on which UCs can be increased in value.
- How do we go beyond basic use cases and into complex cases / program and aggregator policies?
 - In other DER conversations the potential for value stacking is included in the Multi Use Application (MUA) framework cases in PUC regulation
 - Adoption of MUA framework has been a consideration from the beginning of the Working group, and has influenced the scoring process.
- How to approach policy considerations:
 - Do we start from policy actions or do we start for categories of UCs?
